

I strongly oppose Chairman Pai's proposal to reverse net neutrality protections already in place. A free and open internet is vital for our democracy, for our businesses, and for our daily lives. It would give giant internet companies the power to prioritize what we read, watch, and explore online. It would adversely affect private citizens & corporations alike. Having economic freedoms, where everyone has a level playing field, is critical to sustaining the American dream! I submit my public comment to oppose Chairman Pai's proposal to reverse net neutrality protections. Keep them in place!
